FINANCIAL AND COMMERCIAL

An Unsettled Feeling on Wall Street.

Another Raid on Erie-Money Easy.

In the stock market the principal interest centred in Erie, and its sales outnumbered that of any stock during the day. It was the pivotal point of the market, ranging from 19 a 21 %. The influence of the London price was, of course, largely feit here. The subjoined table shows the sales at the close and the current market prices:-LATEST CLOSING QUOTATIONS.

THE BOARD OF TRADE.

At a meeting of the Board of Trade held yester. day asternoon communications were read from several prominent merchants showing the aggravated evils at present attending the import trade

of New York. The following resolutions were unanimously passed, and it was ordered that copies be sent to the chambers of commerce in London, Leeds, Manchester, Liverpool, Glasgow, Belfast, Lyons,

Manchester, Liverpool, Giasgow, Belfast, Lyons, Paris, Hamburg, Berlin, Vienna and other European cities:

That the present tartiff on imported goods and the demoralized condition of the customs department of the civil service of the country have greatly injured the national revenue, demoralized commerce, retarded the progress of agriculture, damaged American credit arrested national profess.

That the offence of american arrested by extortionate and exorbitant tartifs and a demoralized custom service, and probably the most effective mode of suppressing smagsling is to establish a revenue tartiff and to reform the civil service.

That this Board protests values the degrading immorality of the wholesale dealing in smuggled goods by the merchants of this city.

That is is the duty of every member of this Board to assist the United States Treasury and customs others by all lawful and possible means to defect and punish persons guilty of trauds upon the national revenue.

That a memorial to the Treasury be prepared requesting the United States government to prepare a bill and cause the same to be submitted for the consideration of the next Congress, which shall contain provisions for the punishment of receivers of stolen goods in this State.

That the National Board of Trade and the boards of trade in the principal cities of the Union be requested to co-overate with this Board in effecting means for the suppression of wholesale smuggling and in obtaining a revenue tariff act in the next Congress.

A CATHOLIC RECEPTION.

Cardinal McCloskey last evening gave a grand reception to all the Catholic clergy of the archdiocese, at the archiepiscopal residence, No. 218 Madison avenue, corner of Thirty-sixth street. It is generally the custom upon the appointment of new cardinals, that they should show this mark of courtesy to all priests within their direct provinces. This was strictly a cierical reunion, none of the latty being invited. Only the clergy of the archdiocese had received invitations, as the list did not include all the sees within the jurisdiction of the Archbishop, but only his own immediate diocese. This, though formerly very large, is now limited to that part of the State of New York south of the forty-second degree of horin latitude, exclusive of Long Island, taus comprising only the counties of New York, Westchester, Putnam, Rockland, Dutchess, Orange, Sullivan, and Ulster. Many of the priests in this diocese had not as yet had the occasion to present their respects to His Eminence since he has received the berretta. It was for this purpose that Cardinal McCloskey gathered round him his clergy to have a quiet, informal talk with them. Invitations had been issued to about 300 priests to meet him at his house yesterday between the hours of five and ten P. M. Notwithstanding the informal nature of the reception several addresses were delivered and in the evening a magnificent collation was served up. The Papal aclegates were also present and seemed to be well pleased with the entertainment, although they evidently had great difficulty in understanding the American pronunciation of hatin, as well as in expressing themselves with perfect clearness to the different members of the clergy. This occasioned considerable diversion. The choops are to leave town on Wednesday and will go to Washington, Fituburg and Chicago on their way to Milwarkee, where Mgr. Roncetti will confer the pathum upon the new Archbishop Henni. This ceremony is expected to take place before the middle of June. of the Archbishop, but only his own immediate

THE METHODIST MINISTERS.

SHALL OUR SCHOOLS BE PUBLIC OR SECTA-RIAN? -- SHALL THE BIBLE BE CAST OUT OB

Judging the sentiment of the Methodist Episcopai Church by the utterances of her ministers in their weekly gatherings here there are none more anxious than they to cast the Bible out of the public schools, but at the same time, to show their consistency, strenuously oppose the proposition to incorporate the Catholic parochial schools with the common schools in charge of the Board of Education. For four weeks, under different aspects, the ministers have had this theme under consideration, and so fruitful is it of thought and word that next Monday it will be discussed under the form of a question :- Shall the Bible be turned out of the public schools or retained therein; and on this question the Rev. John S. Willia will be heard, Drs. Curry, True, Kettell and Revs. W. Lloyd, J. M. King and others, who spoke on this question yesterday, and theretofore have taken the ground that the Bible should not be retained in the schools. There are other ministers in the Methodist Episcopal Church of equal prominence and ability who hold different views, and they will now have an opportunity to speak their

in the Methodist Episcopai Church of equal prominence and ability who hold different views, and they will now have an opportunity to speak their minds. Mr. King yesterday leared that the delay of the Board of Education meant treachery; for such a base proposition as that of the Uatholic school officers should have been answered with a prompt negative. At least nineteen of these Catholic school officers should have been answered with a prompt negative. At least nineteen of these Catholic school officers should have been answered with a prompt negative. At least nineteen of these Catholic Church for aimling to convert this Continent of Church for aimling to convert this Continent to the faith by means of Insknonable church. editions and fine music and ecclesiastical milinery. Mr. King summed up his own views very briefly. He havors compulsory education and the closing of the schools against every influence of a foreign Power or potentate and the inculcation of particular in them, and the publication through pulpit and press of religious doctrines.

Rev. M. S. Terry took exception to the statement that the Bible is Protestant. It is so only in the same sense that the English language is Protestant. He did not favor taking the Bible out of the schools, but if its putting away would secure peace between Catholics and Protestants he would oe willing to consider the subject. The Bible is merely a symbol of our nationality. It is everybody's book, and the issue is no longer Bible of no Bible, but rather Catholic education or none at all for this country. Mr. Terry read from a recent number of the Edinburgh Review an article by a convert to the Catholic mitch, in which the writer declares it is the public schools water of America that is undermining the Catholic Church here. Mr. Terry expressed the Milinery Review and influence and the milinery respected by a convert to the Catholic aid, in which the public schools can't be secularized without ning morality out, and religion so as to remove the misconception that they a

THE NEW JERSEY CATHOLIC PRO-TECTORY.

There were four Catholic protectories in the country, and just now a fifth has been established and informally opened at Denville, N. J., under the auspices of the bisnop and clergy of the diocese of Newark. The Protectory occupies the old and spacious Wadsworth homestead. Five doctors of the third order of Franciscaus have arrived and taken charge of the place under direction of Brother Aloysius, the Superior. Five more will soon arrive. The place will accommodate over fifty boys for the present, but by next year extensions will be made, which will afford room for several hundred. In his late urgular address the Bushop made an urgent appeal for the Protectory, as also for

at Newark, which was dedicated jesterday by Bishop Corrigan and a number of dergy. At the aams time the Mother Superior, Sister Mary of St Auseim, was formally installed. Both the House and the Protectory will be greatly improved a soon as a proper improvement in the durch treasury is observed.
